

TECHNICAL DATA SHEET

RIM PROTECT

RIM PROTECT

An exceptional wheel and rim protection fluid.

A speciality corrosion inhibitor designed to prolong the life and provide maximum protection for tyres, wheels and rims.

- Protects wheels and rims from rust and corrosion.**
 A monomolecular film barrier protects all metal surfaces to prolong wheel, rim and tyre life.
- Removes existing rust scale from wheels and rims.**
 Reduces costly downtime normally required for refinishing wheels and rims.
- Makes tyre removal from rims easier.**
 Corrosion free rims allow tyres to be removed quickly.
- Superior rim sealing.**
 Effective low stress sealing creates a lock seal, reducing or eliminating air loss through poor tyre seals.
- Keeps tyres cool - prolongs tyre life.**
 Cooler temperatures decrease tyre wear, increase tyre performance and increase the running life of tyres.
- Assists in essential maintenance.**
 Highlights rim cracks and tyre damage quickly allowing repairs to be affected before they become hazardous.
- Assists heat transfer under hot conditions and reduces operational tyre temperature.**

Rim Protect has no detrimental effect on tyre patches and will not cause patches to lift or peel.

ENVIRONMENTALLY FRIENDLY

Rim Protect poses no environmental hazard. To dispose of, simply mix with water.

OCCUPATIONALLY SAFE

Rim Protect is non flammable and safe to use.

DIRECTIONS FOR USE:

13.00 x 24/25	21.00 x 25	29.5 x 29	35/65 x 33	40/65 x 39	30.00 x 51	37.00 x 57	44/80 x 57	53.5 x 57	53/80 x 63
